OFFICE OF THE CITY CLERK – PROJECT HIGHLIGHTS AND STATUS

Elections

Youth Outreach

Staff reached 259 high school students and pre-registered (under 18) and registered (18+) 179 of them to vote.

Staff conducted two high school mock elections and presented the “Impact of Your Vote” video at Canoga Park High School (CD 3) and Miguel Contreras Learning Complex (CD 1).

In preparation for California’s “High School Week” later this month, staff met with Mission Continuation School, Santee High School and Sonia Soto Mayor Learning Center to discuss logistics for mock elections.

General Community

Staff engaged with 285 attendees, and pre-registered/registered 28 people to vote at the following events:

- Northeast Elementary School (CD 14) Meet and Greet with parents and educators
- Sizdeh Bedar Persian New Year event in CD 3
- Cesar Chavez 25th Annual March for Justice Rally (CD 7)

Homeless Outreach

Staff reached 63 homeless individuals and registered 9 to vote at the Veteran's “Stand Down” event.

Cesar Chavez 25th Annual March for Justice

Since the implementation of California’s AB 1407 last year, which allows eligible 16 & 17 year olds to pre-register to vote, 100,000 youth have pre-registered statewide. 26,179, or 25 percent, reside in LA County. The City Clerk's outreach team is responsible for pre-registering 4,215 of these future voters.

Business Improvement Districts (BIDs)

The annual stakeholder meeting for the Century City property-based BID was held this week.

Renewal petitions have been reviewed and verified for the Fashion District, Hollywood Entertainment District, Byzantine Latino Quarter and Historic Core property-based BIDs.

The Arts District LA property-based BID renewal Ordinance of Intention was adopted in City Council, as well as the Ordinance to Renew the levy assessment for the Wilmington Commercial Merchant BID.

Neighborhood Council (NC) Funding

NC Financial Officer Training was held April 10 at City Hall. Over 340 board members have received training this fiscal year.

To date, the NC system has spent just under 50% of its \$4.2M annual budget allocation.

Systems

Staff is redesigning the election administration Web Application Module (WAM) 2.0 portal using the latest programming development tools and framework. This will allow for ease of future expansion into cross platform development such as native mobile applications, and will ease the integration of legacy applications built on older code standards. The recently deployed Neighborhood Council Vote-by-Mail application was the first web application to utilize this platform and has taken advantage of many new features.

The Office of Public Accountability (OPA) intranet portal has been officially deployed. The portal was developed and will be maintained by Clerk Systems staff.

There has been a number of ransomware attacks trying to infect the City Clerk public facing servers. Staff has been working with the Information Technology Agency on enabling network defense tools to mitigate against future attacks.
